Banks-How so? Tanks-Almost every night he is full of spirits.

### TRAPPING RABBITS.

for the English Markets.

Every town dweller who has strolled SAN FRANCISCO, Sept. 20. - Advices from through the pountry market and seen the Ounalaska state that the supply steamer St. rows and festoons of rabbits depending Paul, which reached there Sept. 2 from this from the front of the stalls has probably port, reported that on Aug. 28 it advanted for four hours through a cloud so black and dense rabbits is obtained and how the ground that lamps had to be lighted.

When the steamer emerged from the cloud its decks were covered to a depth of several inches with volcanic dust. The nearest active crater to the steamer's position is Pabsus and during those months l'undreds of several tree course de la supply de la considered the rablet season by the venders, and during those months l'undreds of several activity and considered the rablet season by the venders, and during those months l'undreds of several activities are delivered.

considered the rabbit season by the venture rater to the steamer's position is Pablif Mountain, 205 miles away.

It is thought at Ounalaska that there has been an upheaval of the shore or that a new island has emerged from the sea, as did llogastuf Island six years ago.

SUICIDE AT THE ALTAR.

Deacon Danielly Shoots Himself in Baptist Church.

It y associated the rabbits for the markets. The trade is so for cultivation are turning their attention to the breeding of ground game. In the west of England, particularly on the borders of Darimoor and Exmoor, there are speculators who carn considerable in the case of the East Baptist Church and chapian or Newhall Post No. 7, G. A. R., left his home yesterday to see to some repairs that were being made at the church.

He went immediately to the front of the communion rails and shot liumself twice in the head with a revolve. Danielly was taken

Those we who devote the rest first stranger and sufficiently large sum to enable him to retire and live in a house of his own baye found it highly remunerative, and in several instances land has been an time who is a deacen of the East Baptist Church.

Betting the vent of the same during those months Fundreds of presons are daily employed in catching of persons are daily employed in catching of proving about the rabbits for the markets. The trade is so the remained in the present time that many faminers routing and which harely pays for cultivation are turning their attention to the breeding of ground game.

In the west of England, particularly on the borders of Darimoor and sent them to dealers in the Mid-lands and London, earned in a few years as wifficiently large sum to enable him to retire and l

acquired at a fair rental for the so'e pur-pose of trapping and shooting rabbits.

Those who devote their whole time to the trade in rabbits frequently offer tempting prices for the trapping rights on a number of farms in a radius of about twelve miles. The writer has known au-outlay of £15 for the right of taking rab-bits on a moorland farm of 139 acres to result in a profit of nearly 109 per cent.

Three days trapping brought a return of Three days' trapping brought a return of

Mrs. Poots—What are you looking so glum about?

Poots—Oh, there's a confoundedly tender spot on my tongue from resting against a broken tooth.

"Humph! You're always grunting about something. Funny 1 never have anything like that the matter with my tongue."

"Nothing lunny about that. Your tongue is never at rest."

Not Ghostly.

Tanks—Old Soak reininds me of a haunted

Three days' trapping brought a return of the investment, and the rest of the seam—deducting the cost of a professional trapper's services and the carriage to market—yielded clear gain to theinvestor. At wholesale prices rabbits, fetch from seven to eleven shillings a dozen.

Trapped rabbits, being uninjured by shot, have always a better appearance on the poulterers' stalls than those killed by the gun, and for this reason the breech-adoned by most speculators. Strange as it seems the increase of trapping law effected a graph in the increase of the seam—deducting the cost of a professional trapper's services and the carriage to market—yielded clear gain to theinvestor.
